experience

Lead Designer | Aarambh Socials
Nov 2025 - Aug 2026

- Designed brand identities, social media campaigns, catalogues and print collateral for client projects.
- Translated client goals and brand direction into cohesive visual communication across formats.
- Created storytelling-led digital content while maintaining brand consistency.

education

Anant National University, Ahmedabad, Gujarat (2023-2027)

Bachelor of Design (B.Des), Interaction Design | Minor in Product Design

projects

Synkro - Event Management App
UI/UX • Product Design | Tools: Figma, Miro, Illustrator

Designed a dual-sided platform concept connecting event organisers and small businesses to simplify event discovery and participation. Explored organiser and vendor workflows, communication, and stall selection.

Humanizing AQI – Maternal Health Awareness
Service Design • Systems Design | Tools: Figma, Miro

Designed a service intervention translating air-quality information into actionable guidance for expectant mothers. Mapped user journeys and service touchpoints.

Viral Siyappa - Game Design
Game Design • Systems Design | Tools: Paper-Prototyping, User-Testing, Illustrator, Photoshop

Developed a game-design project exploring misinformation and consequences through an interactive, systems-led experience.
